Subject: USGCRP Climate Science Report Comms Materials
Attachments: NCA4 Comms docs_2017.10.18.pdf

Megan – attached are the communications materials from OSTP and USGCRP related to the final publication of the Climate Science Special Report (Volume I of the Fourth National Climate Assessment) and the release of Volume II of NCA4 for public comment.

Note that OSTP suggests that any questions regarding the NCA volumes and process be directed to USGCRP. The individual agencies would be expected to respond to inquiries that relate to their agency responses or activities.

The release date is not yet final, but is anticipated for November 3. These materials are close-hold, as you would expect.

I am happy to let IOAA management know about this, unless you would prefer to do that. Let me know if you have any questions.

Hi Megan, Maggie, et al.:

I received some additional information from USGCRP. They are, in fact, preparing some materials for the release of the Climate Science Report and expect to distribute them to the agencies in the next week or so.

I will let you know if I hear anything more.
